REMARKS

25X1

1. Trains carrying component units of the "Tudor Vladimirescu" Division passed through SIBIU (R 35/R 20) in mid-July 1949 and proceeded to Transylvania. The units concerned were later observed in the area of TARGU MURES (R 36/R 68).
2. One tank of German type, light antitank guns of German origin, and ammunition were entrained at the SIBIU railroad station on 5 July 1949. The weapons and ammunition belonged to the SIBIU Cavalry School. The shipment was dispatched to CIUS (R 26/L 81).
3. Twelve antitank guns and twelve antiaircraft guns, both of German origin, were entrained in SIBIU on 11 July 1949. They had been repaired in the State Arsenal of SIBIU.
